

List of HOTELS in the Surrounding Area

(Every year these and other hotels welcome people who come to the Festival of Life, so when you make reservations let them know that you will be participating in the Festival. We give them the dates and ask them to offer a "favorable" rate that takes into consideration the great distances that some people travel, but we are not directly involved in management of the reservations or the prices. Feel free to check online for other hotels or bed and breakfasts in the Saluzzo area.)
